

Angular Hands-On

Hands-on 1 & 2 :

- Environment Setup, Project Structure & First Component

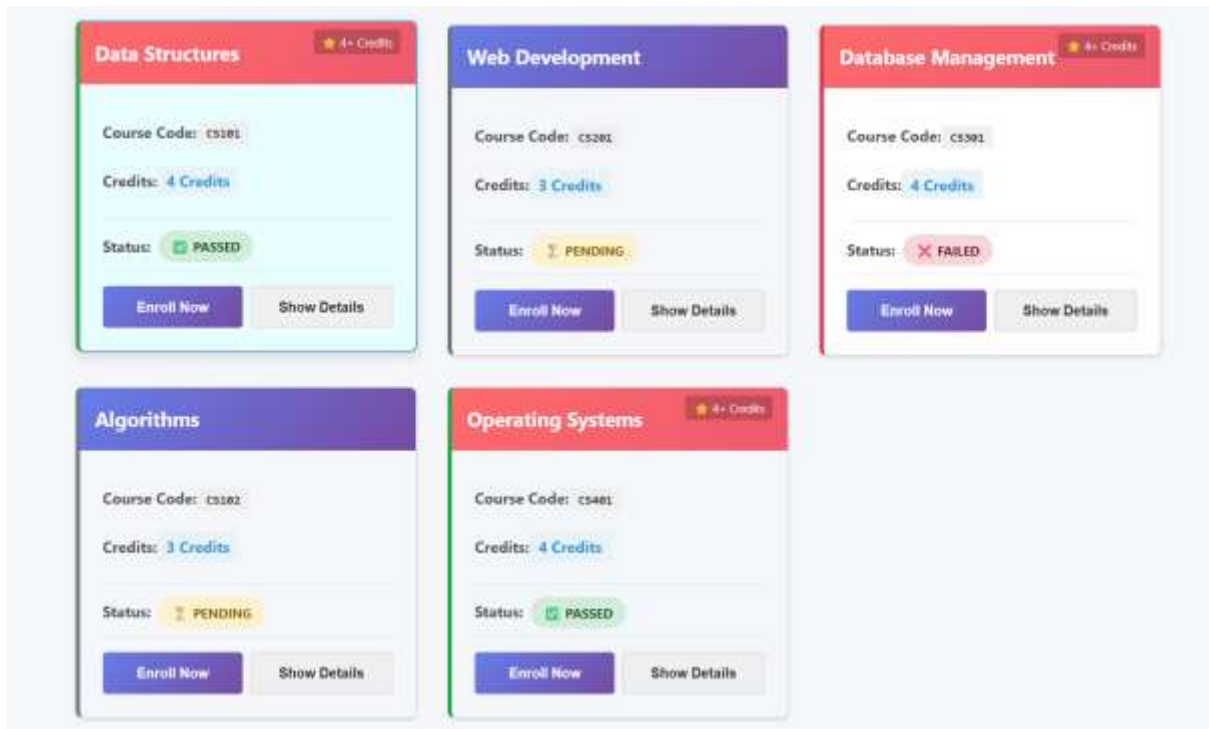

- Data Binding, Lifecycle Hooks & Component Communication

Hands-on 3 :

Directives & Pipes — Built-in and Custom

1. Page loads
2. See "Loading courses..." with spinner
3. Wait 1.5 seconds
4. Spinner disappears, course grid appears

Hands-on 4 :

Template-Driven Forms & Validation

Student Enrollment Request Form

Fill out the form below to request enrollment in a course.

Student Name *

Rohit 

Student Email *

rohitpawar0818@gmail.com 

Course ID *

Enter course ID (e.g., 101, 201)

Preferred Semester *

☐ I agree to the terms and conditions *

Form Valid:  NO

Form Touched:  YES

Form Dirty:  YES

Submit Enrollment Request

Clear Form

HANDS-ON 5 :

Reactive Forms — FormBuilder, FormGroup, FormArray & Custom Validators

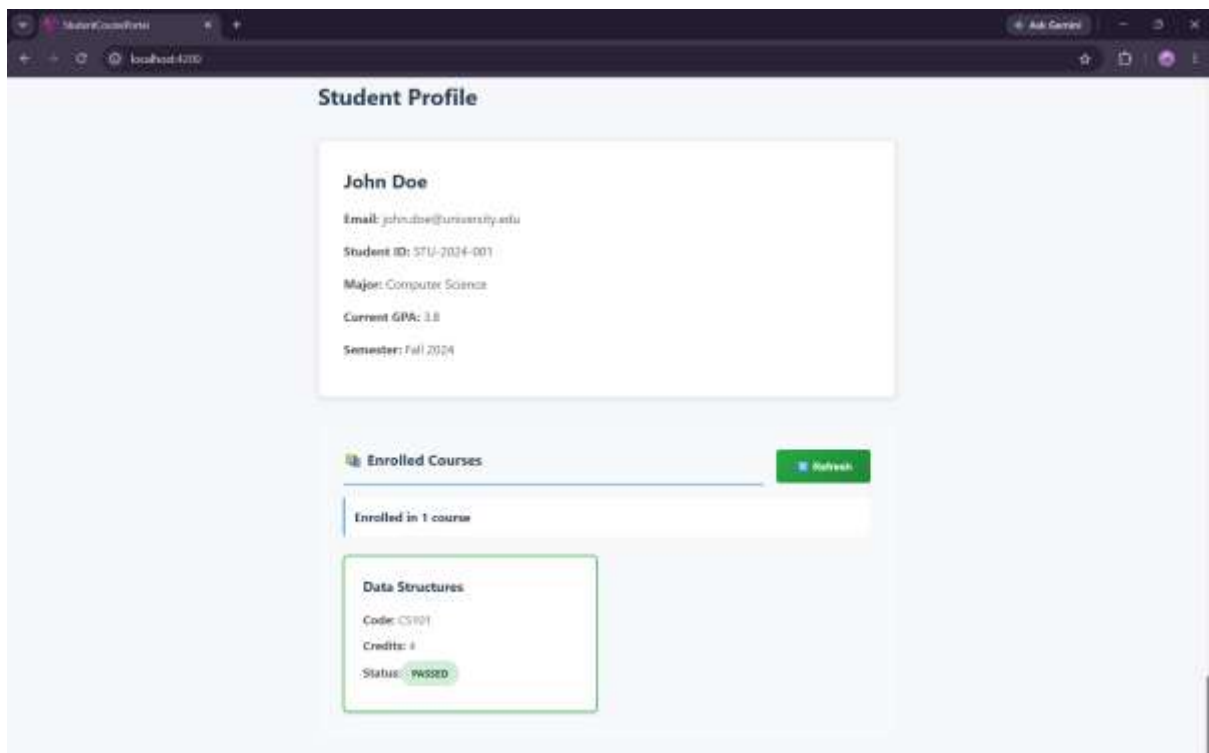

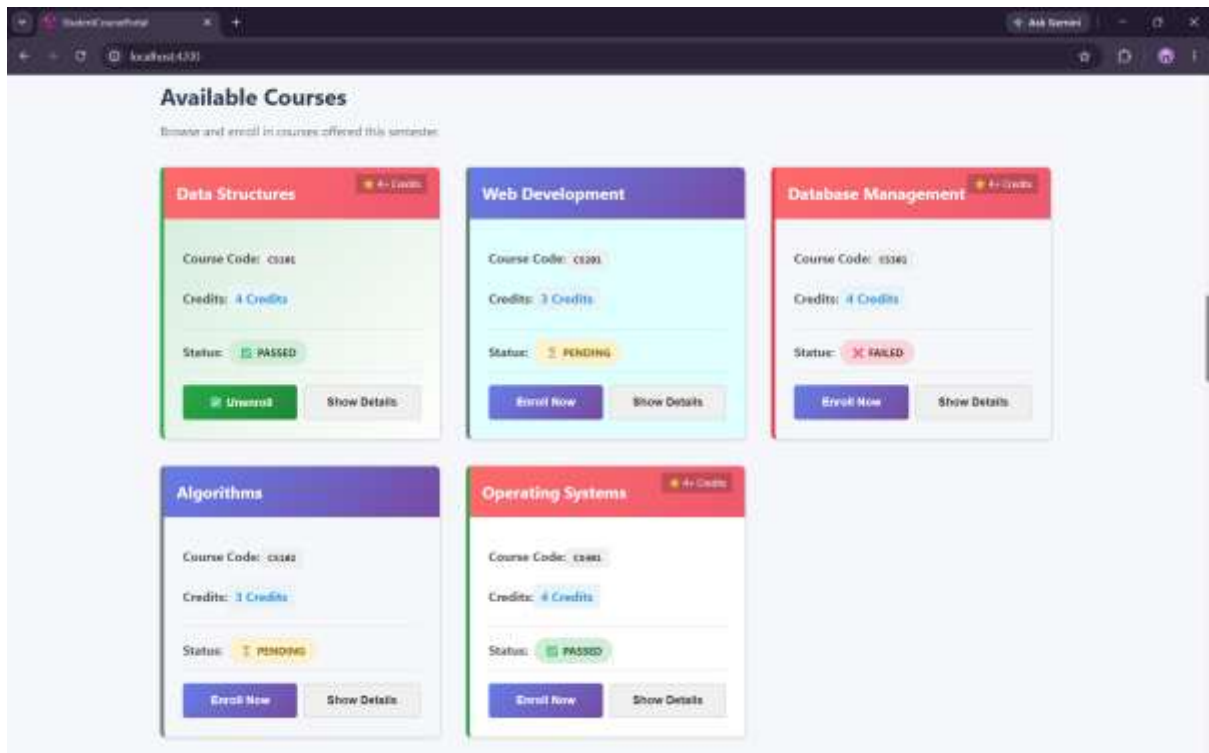

The screenshot shows a web browser window with the address bar displaying 'localhost:4200'. The page title is 'Reactive Enrollment Form' with a subtitle 'Advanced form with custom validators and dynamic controls'. The form contains the following fields and elements:

- Student Name ***: A text input field with the placeholder 'Enter your full name'.
- Student Email ***: A text input field with the placeholder 'Enter your email address'.
- Course ID ***: A text input field containing '0018'. Below the field is a red error message: 'Course code starting with 00 is not allowed'.
- Preferred Semester ***: A dropdown menu with '001 Semester' selected.
- I agree to the terms and conditions ***: An unchecked checkbox.
- Additional Course Enrollments**: A section with the subtitle 'Enter in multiple rows (optional)'. It contains a green button labeled '+ Add Another Course'.
- Form Validation Summary**: A section showing the status of various form validators:
 - Form Valid: ✗ NO
 - Form Passing Shape Validators (Required): ✗ NO
 - Form Required: ✓ YES
 - Form Dirty: ✓ YES
- At the bottom are two buttons: 'Enroll Course' and 'Clear Form'.

This screenshot shows the same 'Reactive Enrollment Form' as above, but with the 'Course ID' field now containing '0019'. The field has a green border and a green checkmark icon on the right, indicating it is now valid. The error message is no longer present. The 'Form Valid' status in the summary section remains ✗ NO. The 'I agree to the terms and conditions' checkbox is still unchecked. The 'Additional Course Enrollments' section and the 'Form Validation Summary' section are otherwise identical to the previous screenshot.

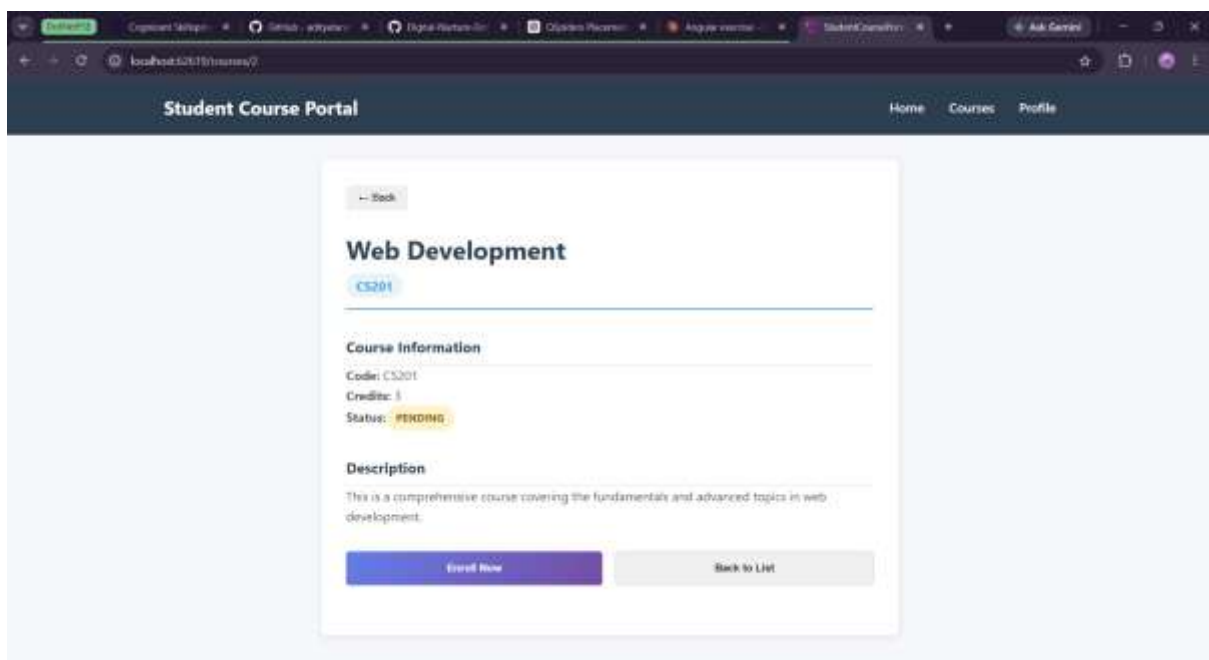

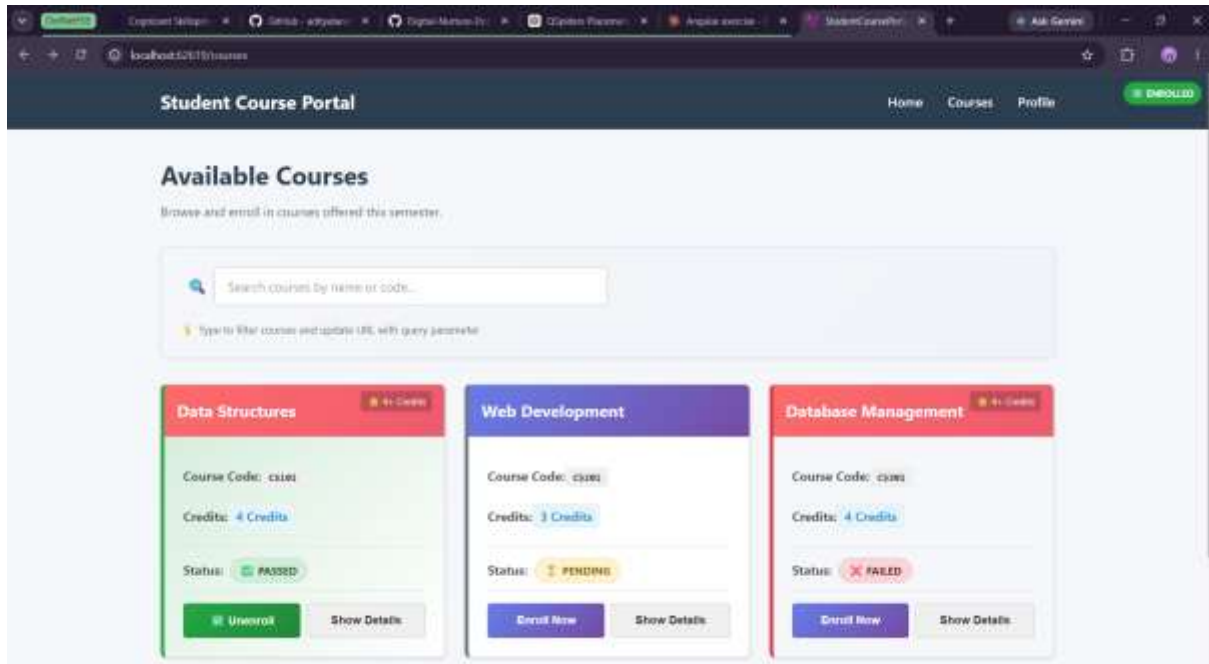

Hands-on 6 :

Services & Dependency Injection

Hands-on 7 :

Angular Routing — Guards, Lazy Loading & Route Data

localhost:5281/profile

Student Profile
